**Leaders: Simon Leach (07419 373833)**

### **Saturday & Sunday 7<sup>th</sup> & 8<sup>th</sup> May Carymoor Bioblitz (VC6)**

Organised by David Reid for SANHS meeting to which SRPG members are invited. **12am** onwards on 7<sup>th</sup>, **10am – 2pm** on 8<sup>th</sup>. Meet at Carymoor Environmental Centre, Dimmer Lane BA7 7NR (ST617311). Following on from last year's SAHNS meeting, this is an opportunity to explore the wildlife of this former landfill site. Come along for one day or both. There will be a range of experts and specialist groups present, plus the staff at the Centre, so we will be looking at much more than just plants. Booking required – contact Simon Leach [simonleach@phonecoop.coop](mailto:simonleach@phonecoop.coop)

### **Sunday 15<sup>th</sup> May Claverham, Cleeve (VC6)**

A general recording day in a very under-recorded area. Streets, lanes and streams. We may split into several groups to cover more ground. **Meet at 11am** in the Claverham Village Hall car park BS49 4NF (ST448660). Refreshments available at the Village Hall at the end of the day.

**Leaders: Margaret Webster & Helena Crouch (01761 410731)**

### **Sunday 22<sup>nd</sup> May Wambrook, Chard (VC5)**

Recording in a Local Wildlife Site (LWS) with a good mixture of grassland and woodland and large number of ponds. This is a very under-recorded area and we will probably split up and record in different monads. **Meet at 11am** at the Cotley Inn TA20 3EN (ST296076)

**Leaders: Conrad Barrowclough (07858 755627) & Liz McDonnell**

### **Sunday 12<sup>th</sup> June Evercreech (VC6)**

A general recording day in a very under-recorded area. Streets, lanes, grassland, hedgerows. We may split into several groups to cover more ground. **Meet at 11am** at the parking place in the wide road by the Methodist Church in Weymouth Road, Evercreech BA4 6JB (ST647386). **Sunday 3<sup>rd</sup> July**

**Clatworthy Reservoir, Exmoor (VC5)**

Although the south and west shore of Clatworthy is well recorded there are almost no records for the east and north. We will be particularly looking for one old record for Greater Broomrape (*Orobanche rapum-genistae*). **Meet at 11am** in the car park just south of the dam, marked "P" on the 1:25,000 OS map, TA4 2EJ (ST042311).

**Leaders: Graham Lavender (07810 705043) & Ellen McDouall**

**Saturday 9<sup>th</sup> July**

**Longrun Meadow & Roughmoor, Taunton (VC5)**

A meeting organised by Keith Gould for SANHS, to which SRPG members are invited. Main focus on the day will be butterflies and dragonflies, but we will also be able to spend time looking at some of the scarce plants including large populations of *Galium parisiense* and *Potentilla argentea*. **Meet at 11am** the north side of the 'Park & Ride' at Silk Mills Road TA1 5AA (ST208255). No booking required, but contact Simon Leach ([simonleach@phonecoop.coop](mailto:simonleach@phonecoop.coop)) for further information

**Sunday 17<sup>th</sup> July**

**Long Ashton (VC6)**

A Joint meeting with BNS. General recording day in 2 monads in an under-recorded area. Habitats will include deciduous woodland good for ferns, several field edges, limestone grassland on the edge of the golf course and odd village corners where 'weeds' have spread from residents' gardens. The Miners Arms is a possibility for tea at the end of the day. **Meet at 11am** at the Community Centre car park at BS41 9DX (ST536703) at the bottom of Keedwell Hill at the western end of Long Ashton.

**Leaders: Pam Millman (01275 392929) & Dee Holliday**

**Saturday 30<sup>th</sup> July**

**Brent Knoll (VC6)**

A steep climb to the summit of this relatively unknown iconic hill by the M5, with open access. Unimproved & semi-improved grassland, woodland, green lanes, streets and churchyard. On the way back we will explore the very steep slopes on the west side of the hill – (bring a walking stick for this bit!). Park in the lanes by the church, and meet at 11am at the entrance to the footpath to the hill, on the corner of the minor road at TA9 4EF (ST335507).

**Leaders: Liz McDonnell (07732 689703) & Helena Crouch**

**Saturday 13<sup>th</sup> August**

**'Get to Grips with Daisies' Identification Workshop**

Need help with Hawkbits, Hawkbeards, Cat's-ears & Mayweeds? An informal opportunity to learn about the useful features which separate these similar species. Bring specimens to work through. We will have a binocular microscope and many identification books to help. Tea & coffee will be provided, but bring a packed lunch. **Meet at 10.30 for 11am** at the Earth Science Centre, Moon's Hill Quarry, Stoke St Michael BA3 5JU (ST661457) directions on <http://www.earthsciencecentre.org.uk/>
